EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Andrew Waxman (Reg. No. 56,007) on 6/9/08.

The application has been amended as follows:

delete "being" (claim 16, line 4).

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art of record does not specifically disclose or remotely suggest

With regard to independent claim 16, 30, 53, 55:

a memory for **storing a list of phone features downloaded from a first IP phone** device to the PDA; and

software stored in the memory for allowing **a first user to select a first set of phone features from the list of phone features**, allowing the first user to store, with the PDA, the selected phone features as the first user's personal phone features, **allowing the first user to download the first user's personal phone features to a second IP phone device.**

With regard to independent claims 37:

selecting a first set of phone features from the list of phone features and storing the selected phone features within the PDA as the **first user's personal phone features**;

connecting the PDA to an IP-PBX and **uploading the first user's personal phone features to the IP-PBX**; and

downloading the phone features from the IP-PBX to a second IP phone device such that the first and second IP phone devices operate in the same manner.

With regard to independent claims 54:

downloading a list of phone features from a first IP phone device to the PDA;

selecting a first set of phone features from the list of phone features and storing the selected phone features within the PDA as the **first user's personal phone features**;

connecting the PDA to an IP-PBX and **uploading the first user's personal phone features to the IP-PBX**; and

downloading the phone features from the IP-PBX to a second IP phone device such that the first and second IP phone devices operate in the same manner.

Art Unit: 2141

In addition, Examiner points to the arguments of Applicant's representative (Remarks on 10/19/07, pp. 19 – 25).

2. These limitations, in conjunction with the other limitations in the independent claims, are not specifically disclosed or remotely suggested in the prior art of record.

A review of claims 3 – 5, 9, 11 – 18, 21, 22, 25 – 43, 45 – 51, and 53 – 55, in view of the Examiner's arguments above, indicates that claims 3 – 5, 9, 11 – 18, 21, 22, 25 – 43, 45 – 51, and 53 – 55 are allowable over the prior art of record.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kenneth R. Coulter whose telephone number is 571 272-3879. The examiner can normally be reached on M - F, 7:30 am - 4 pm.
